1. I want to know more about the International Association of Potential, New and Sitting Members of the Board of Directors (IAMBD)

The International Association of Potential, New and Sitting Members of the Board of Directors (IAMBD) develops and maintains three certification programs and many tailor-made training programs (Basel III and the Board, Solvency II and the Board etc.). Subject matter experts review and update this body of knowledge.

The IAMBD is wholly owned by Compliance LLC, a leading provider of risk and compliance management training and executive coaching in 36 countries.

Several business units of Compliance LLC are very successful associations that offer standard, premium and lifetime membership, weekly or monthly updates, training, certification, Authorized Certified Trainer (ACT) programs, advocacy and other services to their members.

2. Does the association offer training?

A. Distance learning and online certification programs:

A1. Certified Member of the Board of Directors (CMBD)

B. Instructor-led training:

In response to the increasing demand for training for the board of directors and the new fit and proper requirements, the association offers (in-house training) the following training programs:

A. Certified Member of the Board of Directors (CMBD)

B. Certified Member of the Risk Committee of the Board of Directors (CMRBD)

C. Certified Member of the Corporate Sustainability Committee of the Board of Directors (CMCSCBD)

We can tailor the programs to your needs and we can develop presentations that meet specific requirements.

For instructor-led training, you may contact Lyn Spooner at lyn@members-of-the-board-association.com explaining what you need, and we will contact you as soon as possible.

3. Are the training courses and the certification programs vendor neutral?

Yes, they are. We do not promote any products or services. We are 100% independent.

4. How are the exams developed?

The association develops and maintains a compendium of risk and compliance topics. Subject matter experts review and update this body of knowledge.

And all the questions on the certification exams have been reviewed and approved by a group of subject experts on behalf of the association.

5. Do I need to buy books to pass the exam?

No. If you study the slides carefully, you can pass the exam.

If you fail the first time, it is not a failure; it is an opportunity to study more.

Print the slides and use Post-it to attach notes like "COSO" "Reputation Risk" etc. to know where to find the answer of the material you may not remember.

6. How comprehensive are the slides? Are they just bullet points?

The slides are not just bullet points, you can read them, understand and learn. These are the official slides we use in our instructor-led classes. If you study the presentations carefully, you will score 100%.

7. You have open book exams! Why?

Risk and compliance management is not something you have to memorize; it is something you have to understand.

8. Your certificates never expire, but things change.

When many university degrees never expire, why should our certificates expire? Yes, things change, and this is the reason you need to become a member of the association.

Standard membership is free. You will receive a monthly newsletter with all the important developments, updates, alerts and opportunities to stay current.

9. How much time do I have to answer the questions?

You have 90 minutes to complete a 35 question multiple-choice exam.

10. What score do I need to pass each exam?

You must score 70% or higher.

11. How can the association assist me in my career enhancement?
